

*Emotion labels:* **Anger**

*AU labels:* **AU4, AU7, AU9, AU24**

*Please describe the **emotion** in this face.*

The person in the image appears to have a **stern or serious** expression. The **eyebrows are slightly furrowed**, and the **lips are firmly set**, which may suggest **concentration, disapproval, or determination**.

*Please describe the **action units** in this face.*

The facial action units being displayed in the image suggest the following:

1. **AU4 - Brow Lowerer**: The **brows are drawn together**, which can indicate **a frown or a look of concentration or anger**.
2. **AU7 - Lid Tightener**: It appears that the **eyelids are tightened**, which often indicates a strong emotion such as **determination or anger**.
3. **AU9 - Nose Wrinkler**: **Slight wrinkling** might be seen on the nose, which is typically associated with **disgust**, but this can also occur with other facial actions.
4. **AU24 - Lip Pressor**: The **lips appear to be pressed tightly together**, which can indicate **tension, disapproval, or the intent to suppress an emotion**.

These AUs together suggest a facial expression that might be associated with emotions such as **anger**, or **determination**. Facial expressions can be nuanced and are often open to interpretation, as they may not always correspond directly to a single emotion.
